

# WEA Certification Workshop

## EDUCATOR CERTIFICATION ISSUES

Do you have questions about Washington state teacher certification and continuing education requirements, state policy updates, or support options? Come learn more at the WEA Teacher Certification Workshop.

What will we be covering in our workshop?

- Learn about recent policy changes affecting teacher certification
- Learn about the new **National Board** process
- Get an overview of **ProTeach**
- Explore new certification renewal requirements, including Professional Growth Plans and STEM professional development
- How to move from a residency to a professional certificate, or renew a continuing certificate
- How can bargaining support educators through their certification process?
- What support does WEA provide along the way?

Bring your laptop or device to take a look at Washington State's new E-Certification system for renewing your certificate, checking expiration, or adding endorsements.

## Where and When?
