

Special Ed Trainings

Light appetizers served—free

Tuesday Series

4:15-7:15pm

Jan. 15	IEP Team Monitoring	Learn how to build strong partnerships as members of the IEP team. Introduces partnering in context of: IEP process, parental rights and school responsibilities throughout the IEP process and disciplinary procedure rights and responsibilities.
Feb. 19	Special Education Safety	Discuss appropriate steps to take when injury occurs. Review: Discipline changes in general education, discipline procedures in special education, restraint and isolation regulation and court cases involving staff injuries.
March 19	Common Challenges in Special Education	Explore some of the areas of challenge that are encountered regularly. Topics include: FAPE, placement, behavior and transition.

Free clock hours for WEA Members

Lunch served—free

Saturday Series

9am-3:30pm

Jan. 19	Team Pre-Crisis De-Escalation	Learn to recognize signs of a potential behavioral crisis and remediate before. Explore how your own behavior can contribute to the escalation cycle & discover and practice de-escalation techniques that recognize the importance of maintaining student dignity during behavior crises.
Feb. 2	Students with Autism in Your Classroom	In-depth look at autism characteristics in areas such as social reciprocity, shared attention, and perspective taking. Learn how these deficits translate into academic, social, motor, communication and adaptive difficulties in schools and communities. Overview of the various behavioral, developmental and structured teaching approaches as well as variety of effective classroom strategies to use in serving students with autism.
March 16	Behavior Interventions in Your School	Look at tools used to identify inappropriate behavior and to build individual workable behavior intervention plans for teaching appropriate student behavior.
